COMPUTER MODELLING GROUP ANNOUNCES APPOINTMENT OF VICE PRESIDENT, CONSULTING, SUPPORT AND TRAINING

CALGARY, ALBERTA – (Marketwired – March 27, 2014) – Computer Modelling Group Ltd. ("CMG" or the "Company") is pleased to announce the promotion of Anjani Kumar to Vice President, Consulting, Support and Training, effective April 1, 2014.

Since joining CMG in 2005 as Reservoir Simulation Engineer, and with his promotion to Manager, Consulting, Support and Training in 2009, Mr. Kumar has taken ever-increasing responsibility, demonstrated exceptional commitment and upheld high standards in supporting CMG's customers in every aspect of his position. With more than 13 years of reservoir engineering experience both in the field and at CMG, Mr. Kumar is an expert in heavy oil recovery processes, chemical EOR and unconventional oil and gas reservoir simulation. He holds a Master of Science (Chemical Engineering) from the University of Calgary and a Bachelor of Technology (Petroleum Engineering) from the Indian School of Mines. Mr. Kumar has authored several technical papers, serves on the editorial committee of The Journal of Canadian Petroleum Technology and on the Charles F. Rand International gold medal award committee of the Society of Petroleum Engineers.

"First as a member of the CST team and then as its leader, Anjani has played a key role in developing a team of professionals that has led to CMG's business growth including increased consulting projects, customer training classes and exceptional software support," said Ken Dedeluk, President and Chief Executive Officer. "His technical expertise and in-depth industry knowledge have helped secure CMG's position as a valued strategic partner to our customers and I am pleased to recognize Anjani as an important part of CMG's past and future success."

Computer Modelling Group Ltd. is a computer software technology and consulting company serving the oil and gas industry. CMG, recognized by oil and gas companies worldwide as a leading developer of reservoir modelling software, has sales and technical support services based in Calgary, Houston, London, Caracas, Dubai, Bogota, and Kuala Lumpur. CMG is the leading supplier of advanced processes reservoir modelling software in the world with a blue chip client base of international oil companies and technology centers in over 50 countries. The Company's shares are listed on the Toronto Stock Exchange under the trading symbol "CMG."
